

**ACPE Clinical Pastoral Education (CPE)**  
**VA Medical Center in Asheville, NC**

The Charles George VA Medical Center in Asheville, NC, a provisional satellite of the James H. Quillen VAMC CPE program, is offering ACPE Clinical Pastoral Education (CPE) again. We are taking CPE applications for the 2018 Summer Intensive CPE Internship (full-time internship, M – F, 7:30a-4:00p, June – August, 2018) and the 2018-19 Extended CPE Internship (part-time, 14 hours a week, Sept – May). With the Extended internship, there will be 4 hours per week in structured education and 10 hours a week of clinical work (hospital visitations). There is some flexibility with the extended internship about scheduling clinical hours.

Also, the CPE program has received funding for **several CPE residency (paid stipend of \$29,904 plus opportunities for health/dental/vision, one-year long, 4 units of CPE) slots.** The residency program will begin in October 2018 and applications are being accepted for this program.

If you know of someone interested in or questions about any of these CPE offerings, please contact Clay Fouse at [Clarence.Fouse@va.gov](mailto:Clarence.Fouse@va.gov) or  [\(828\) 298-7911 ext. 2554](tel:(828)298-7911).
